

# NEGATIVE SPACE

## POSITION CARDS TO CREATE OBJECTS IN NEGATIVE SPACE

### OVERVIEW

Arrange your hand of cutout cards to create an object in negative space. If another player can guess what it is, you both win a point.

### COMPONENTS

- 100 cutout cards
- 50 double sided category cards\*
- 90 second timer (optional)

\*Can be merged with the cutout cards

### FEATURES

Be artistic with no drawing ability

All ages can compete on a level playing field

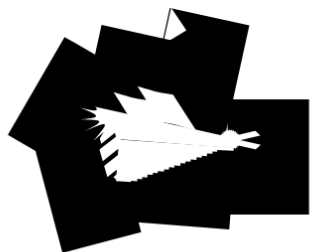

Simple components used in an innovative way

### HOW TO PLAY

Deal 8 cards to the active player.

This player now looks at the category on another card.

Using any number of the available cards, the active player must create an object that falls into the category.

A SHUTTLECOCK?

THE OLYMPIC TORCH?

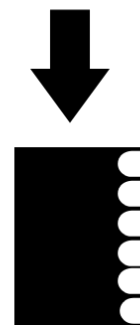

A WEDDING DRESS?

A COCKATOO?

YES!

Other players make guesses as to what they are creating.

If someone makes a guess that fits in the category, they win the card and add it to their scoring pile.

If a correct guess is made within 90 secs, the active player scores a card too.

A new round begins.

The first player to score five cards wins.

3-8

20-30 mins

Age 6+

A phoenix?

A deep sea diver?

A stooping old man?
