Criminal Animals

A cooperative deduction game

3-5 players | 30 mins | Age 7+

Overview

There are two criminal animals at each location, but can you find them?

Use the code wheels to discover information and share with the right people at the right time.

Work together to solve all the crimes before the time runs out!

Components

- 3 location wheels
- 6 animal wheels
- 81 clue cards
- 5 question cards
- 5 tell cards
- 5 player boards & pens
- 15 location tokens

Features

Deduction | **Code Wheels** | **Cooperative play**

How to Play

Play an animal card with a location card look at a code wheel.

The code wheel tells you if that animal is criminal in that location.

Play a Question card to ask another player for information.

Or play a Tell card to give another player information.

Keep track of what you know on your scoresheet.

You can also track what information other players have.

When the cards run out, you have to name the criminal animals.
To win, each player must solve at least one location and all locations must be solved.
