HOW TO PLAY

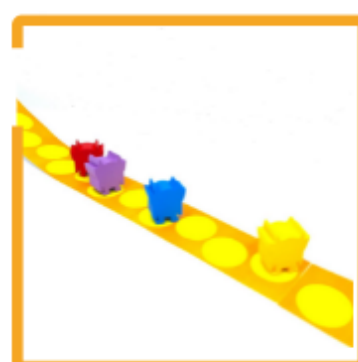

On your turn, either:
1) Take a face up card, if you can see the item on the card in the world around you.
Score 2 points.

Or:
2: Look at the top card of the deck through the Monster's eye to reveal a hidden magical creature worth 0-4 points.

Then feed cards sitting on the monster's tongue to the monster.
Move the other cards up and refill the line.

Players take turns until the deck runs out.

The player with the most points wins.
