How to Play

On your turn:

First adjust your speedometer.

It takes time to speed up and slow down.

Then move your bumper car.

Your bumper car moves the distance and direction shown on your speedometer.

I bumped you!

Your movement may make you crash into the side, gain coins, bump into other cars or go through gates.

If you are carrying an attendant, take a card.

Cards give you exciting powers to use on future turns: Drift, teleport, throw slime...

First player to complete the course wins!
