

SPLAT THAT

Become the champion bug splatter

OVERVIEW

Splat those bugs!

You can't splat them all so get the worst of the lot each round to become the champion splatter.

Keep your eyes peeled for the highest ranking bug.

Be the champion splatter 3 times to win the game.

HOW TO PLAY

Flip one card at a time from the deck. After any card flip, you may slap that card with your swatter. Leave your swatter on the card.

Continue flipping cards into the line until you have 3 more cards than players. The player who swatted the highest ranked bug flips that card to splat it.

I swatted the 8!
I win!

The single number 9 card is usually the highest. But some cards have powers. If a 1 comes out when the 9, in the line it's worth 10 points.

2s allow you to add another face down card to your total and 6s let you swap cards. If you win with a 5, you get a double splat. First to 3 splats wins!
