

Snatchy Matchy

Designed by Ellie Dix

2-5 players | 20 minutes | Age 8+

Components:

- 105 cards
- 1 stop card
- 6 bugs
- 3 player aid

Set up:

- Shuffle the cards together and deal 5 to each player.
- Take the bottom 5th of the deck and shuffle the end game card into it. Then put this section of the deck back on the bottom.
- Place the bugs in the middle of the table.
- The most colourfully dressed player goes first.

How to play:

On your turn: 1) Play a card, 2) Make a match and 3) Draw.

Play a card

- Play one card from your hand to the top of the discard pile.
- Take the action on the card you've played.

Make a Match

- Show two matching cards from your hand.
- Choose 1:
 - Place these cards face down in your score pile. OR
 - Take the bug that matches your cards and put it in front of you. Discard the matching cards to the discard pile.

Draw cards

- Draw cards from the top of the deck until you have 5 cards in hand.
- Play moves clockwise to the next player.

End game:

The game ends immediately when the end game card is revealed. At this point, all players may place any pairs of cards from their hand into their scoring pile, but may not take the bug that matches the cards.

Scoring:

Each bug scores points. 7-14 according to rarity. Each player also scores 1 point per card in their score pile.

The player with the most points wins. In the case of a tie, the tied player with the rarest bug wins.
