

# SNATCHY MATCHY

Match bugs to score now or hope to score later

## Overview

Play cards for their powers in order to create matching pairs of bugs in your hand.

When you play a pair - choose whether to lock in guaranteed points now. Or take much higher points, which you could lose.

Pick the right time to swipe the rare bug tokens... but can you hang onto them until the end of the game?

 2-5 players

 20 mins

 Age 6+

## Components

- 106 cards
- 6 bug tokens
- 3 player aids

## Features

Hand Management

Push Your Luck

Card Actions

## How to Play

Play a card from your hand and take the action on it.

Use the action to help you get pairs of matching bugs in your hand.

If possible play a pair of matching bugs. **Choose:**

1) Place the pair of cards in your score pile to guarantee two points

**Or... 2)** Discard the pair and take the matching bug token.

This will score more points, but only if you have it at the end of the game.

When the STOP card is revealed, the game ends. Players score 1 point for each card in their pile and 5-10 points per bug token, according to rarity. Most points wins!
