mins

Age
8+

Line up the launch pad, select your stone, and flick it into the pond with precision! Aim for the zone with the most fish matching your stone's colour to rack up big points, or daringly target the octopus to unleash powerful combos.

The more challenging the shot, the greater the reward!

Satisfying comebacks

How to Play

Line up the launch pad anywhere next to the pond and choose a stone from your supply. Flick the stone into the play area.

3 fish x 3 distance
= 9 points!

Where it lands, you'll score for each fish matching your stone colours... multiplied by it's distance from the launch pad.

Scatter the fish randomly into adjacent spaces - moving clockwise.

The first player to reach the end of the scoretrack wins!
